E51EME - 6m dxpedition to the South Cook Islands - Just leaving for
Rarotonga in the Cook Islands until late January. I'll be replacing
the 5 element Yagi at E51CG's QTH with a 7 element Yagi and will be
active on 6m with my IC706 and a HB 8877 PA ... mostly looking for
Es and F2 propagation, but might appear on JT65a EME at my moonrise
or moonset (both over water) during the low degredaation days.

Again this year F1DUZ and F6APE will catch the moon from Guadeloupe Island as FG4KH (FK96HF) LATEST NEWS from Phil, F1DUZ, dated 2011-12-05:   FG4KH 70cm setup is ready to go !
The last try has been done with success, all is working at the best! The internet connection is good at FG4KH, so the working frequencies for JT65 and CW will be selected on site depending of birdies. The activity will be a holidays style with more on the week-ends, especially the second one. the operations will start on the 28/12. The main activity will run in JT65B mode but I hope to catch some big guns in CW , so skeds will be welcome. Please, if you are interested for a CW QSO, send me a mail at duz@orange.fr so we can arrange a sked. The informations about the daily and next activity will go through MMMonVHF and the log on line on our web-site. Please give us a call ! If you have no elevation but good set up on 70cm, try us at your moonset or moonrise! See you soon from the French West Indies ! SOURCE: tnx to Phil, F1DUZ, direct to MMMonVHF

E2E EME-DXpedition in Thailand around April 2012 - I am happy to announce that there will be an EME-DXpedition in Thailand around 18th of April. A group of Expats (HS0ZFZ, HS0ZFD, HS0ZGQ and me HS0ZIL) are planning to activate some rare squares in northeastern Thailand daywise! The special callsign will be "E2E". The DXpedition will take place in order to assist the "Radio Amateur Society of Thailand (RAST)", who had lost all their equipment at the Club Station HS0AC in BANGKOK during last flood. So any donations for this activity are welcome and will be transferred to RAST Treasurer An own website and/or an DX-Blog on http://www.mmmonvhf.de/ will be setup in the near future. Stay tuned on these sites for further informations!!! Pictures of the destroyed Club Station can be seen here: http://www.qsl.net/rast/ 73 to all
